THE AMERICAN MILITARY AND THE FAR EAST
INTRODUCTION

This highly selective bibliography was prepared for use at the Ninth Military History Symposium on "The American Military and the Far East" held at the United States Air Force Academy, 1-3 October 1980.

The resources cited were selected to try and show basic American interests including military operations, policy and strategy in the Far East, how the military saw its role and what part it played from the time of the Spanish-American War to the present.

This bibliography was compiled by Mary Ann Robinson of the Reference Branch, United States Air Force Academy Library. The manuscript was prepared for the printer by Vonceil Porter.
