Developing an Online Course in Canvas Workshop Series

Spring 2018 Term

Part 1: Step into Online Teaching with Backward Design
Tuesday, April 17, 2018
3:30pm - 4:30pm
Knight Library, room 41

Participants will use Backwards Design to create clear objectives for their course with aligned materials and activities. They will apply the principals of Backwards Design to their online course using the Canvas environment.

Part 2: Stepping Through your Canvas Course
Tuesday, April 24, 2018
3:30pm - 4:30pm
Knight Library, room 41

In this workshop we will focus on getting students started in your online course. We will give you best practice guidelines for setting up your course, introducing students to the structure of the course, and how to make the navigation streamlined and efficient for your students so they can spend time on task, engaging with the course materials.

Part 3: Keep Students Moving with an Engaged Learning Environment
Tuesday, May 1, 2018
3:30pm - 4:30pm
Knight Library, room 41

This workshop will build on backward design theory. It will provide participants an opportunity to explore how online learning best practices regarding the learning environment and instructor presence can be implemented. Specific tools and activities will be presented.

Part 4: Getting your Students to the Finish Line with Authentic Assessments
Tuesday, May 8, 2018
3:30pm - 4:30pm
Knight Library, room 41

Participants will engage with assessment types and purposes, creating assessments in the Canvas environment, & academic integrity principles.

Please register by visiting: library.uoregon.edu/calendar

Light snacks, coffee, and tea will be provided.
