

UO Licensed GIS Data Collection for areas in Oregon

UO Libraries has an agreements with a number of GIS data using agencies that allow the Libraries to provide UO students, faculty, and staff access to data for use in teaching and research. This data is available in a shared folder accessible from any UO Libraries computer that requires the user to log in. ArcGIS Desktop 10.X is available on all PC Academic Workstations in the Libraries and may be used to manipulate the data. (You cannot save your work to the shared drive or the Academic workstation. Save any files needed for later to a USB or other memory device.) Additionally, files may be accessed and copied to a USB drive for use on a non-Library computer. We recommend that you use ArcMap and ArcCatalog to subset and copy the data you need. Library users agree to not use the data for commercial purposes or share the data with outside parties without permission.

Data is stored on the data share at
 \\libfiles.uoregon.edu\share\GISData\UO_GIS_Collection\US_states\Oregon

[How to Connect to the Data Share](#)

Named Places

Name	Type	Year	File Name	Source
Mt. Pisgah Arboretum	Hiking Trails: Line	2009	Trails2009.shp	Private Donor
Mt. Pisgah Arboretum	Park property boundary: Polygon	2007	Boundary2007.shp	Private Donor
Willamette National Forest	Administration Boundaries: Polygon	2009	admin.shp	National Forest Service
Willamette National Forest	Wilderness: Polygon	2009	wilder.shp	National Forest Service

Cities

City	Description	Year	File Name	Source
Coburg	Zoning, Polygon	2009	cobzn_polygon.shp	LCOG
